Plan Your Booth

You will be hosting your very own Fall Festival Booth. Your job is to create a booth that others will come to and use their tickets. Your booth can be a game or a craft. Use the space below to plan your booth.

- 1.) Be sure to choose a booth that you can host and build. The booth can be one that has been done before or a creation of your own. You will decide on decorations for your booth, materials or equipment needed and prizes given to winners. You'll be given a budget of \$75 for your booth.
- 2.) Decide how much you will need to charge for your booth so you earn a profit.

Each Ticket is worth \$_____.

My booth costs _____ tickets.

I need to sell _____ tickets to make a profit.
